

MSE Field

Technician walkthrough

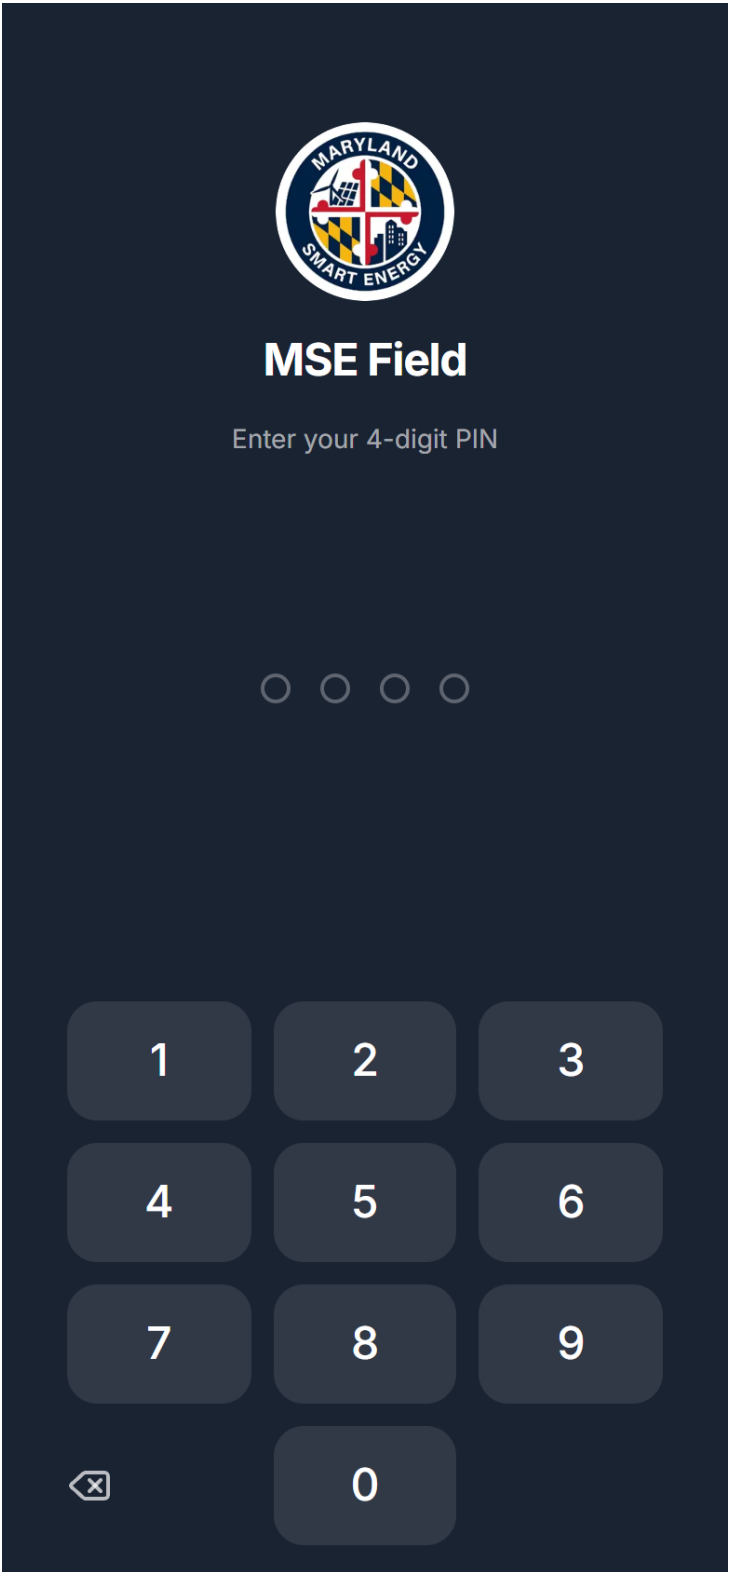

A quick visual tour of the field-tech PWA — sign in, log a unit, submit a job, and what admins see.

Generated May 21, 2026

Maryland Smart Energy — internal use

1. Sign in

Tap your 4-digit PIN. The app remembers you for 30 days unless you tap the log-out icon in the header.

The image shows a mobile app interface for "MSE Field". At the top is a circular logo with the Maryland state flag and the text "MARYLAND" and "SMART ENERGY". Below the logo, the text "MSE Field" is displayed in a large, bold, white font. Underneath that, the instruction "Enter your 4-digit PIN" is shown in a smaller white font. Below the instruction are four empty circles for the PIN digits. At the bottom is a numeric keypad with buttons for digits 1 through 9, 0, a backspace icon (a square with an 'x' and a left arrow), and a small square icon.

MSE Field walkthrough

2. Jobs home

Your job list. Active jobs over the last 7 days show here. Tap the red New job button to start a new one. The header shows your name and a logout icon. Admins also see a dashboard icon.

MSE Field walkthrough

3. New job — blank form

Business name first (the property or company — not the contact person), then pick the utility territory. Crew defaults to you; tap a teammate to add them. Tap Create job when done.

MSE Field walkthrough

5. Job detail

Inside a job. Tap Add unit for every HVAC unit you serviced. Once at least one unit is logged, the red Submit job button lights up. Already-submitted units show a SUBMITTED chip.

 MSE Field

 **Manual Demo 20...**   

BGE

 JOB-2026-0011

 **Add unit**

Add at least one unit, then you can submit the job.

MSE Field walkthrough

6. Add unit — pick a type

First choose the unit type. PTAC / Ductless for through-the-wall units; RTU-S/M/L for rooftop units (small/medium/large); Split System for outdoor + indoor air handler pairs. Each type has its own photo checklist.

 MSE Field

 Add unit

Unit type *

PTAC / Ductless
incl. water-source HP,
VRV/VRF · 3 photos

Split System
3 outdoor sides + air
handler · 11 photos

RTU · Small
2 coils · 7
photos

RTU · Medium
2 coils · 7
photos

RTU · Large
2 coils · 7
photos

Save unit · 0/0 required photos

MSE Field walkthrough

7. Add unit — PTAC checklist

Nameplate goes first — the OCR reads make / model / serial off the photo and auto-fills the fields. Model is required; make and serial are optional. Then capture before / after photos and any extras. Tap Save unit when the checklist is full.

MSE Field

← Add unit

Unit type *

PTAC / Ductless

incl. water-source HP, VRV/VRF - 3 photos

Split System

3 outdoor sides + air handler - 11 photos

RTU - Small

2 coils - 7 photos

RTU - Medium

2 coils - 7 photos

RTU - Large

2 coils - 7 photos

Unit name

PTAC 1

Defaults to PTAC 1 — change to a location like "Rooftop East" or "Suite 201".

Nameplate photo(s) *

Capture this first — make / model / serial below will auto-fill from this photo (coming soon).

Nameplate *

Make / model / serial label — capture this first

Make

Save unit · 0/3 required photos

from the nameplate

Required — read it from the nameplate (the OCR usually fills this in for you).

Serial
